Was the deceased under restraint in the time leading up to the death or the events causing the death?

Under Restraint: Yes, mark which restraint devices were used

Type of restraint

Type of Restraint: Handcuffs; Leg Shackles

Summary of Incident

Summary of How the Death Occurred: (max. 30,000 characters)

Summary:

On November 3, 2019, at approximately 1030 hours, Brad Webb who was driving a black Cadillac SUV was reportedly driving recklessly at an extremely high rate of speed and struck other vehicles on the roadway. Citizens called in to have him stopped by patrol officers. In an attempt to detain Brad Webb, he became resistant and would not allow officers to apply the handcuffs. Mr. Webb refused several verbal commands and opportunities to give officers his hands. After several repeated verbal commands and attempts to gain control of Mr. Webb, officers deployed their Conducted Energy Device (CED). Mr. Webb was tased several times while still resisting and ignoring officers commands to comply. Mr. Webb was finally handcuffed and placed in leg restraints at approximately 1051 hours. Officers on scene observed HFD to check by on scene. Shortly after HFD arrived, Mr. Webb became unresponsive and HFD began CPR. Officers subsequently recovered and tagged what appeared to be PCP that was found inside the black Cadillac SUV. Mr. Webb was transported to Houston Northwest Medical Center where he was later pronounced deceased by P. A. Leaa Lewis at 2206 hours.
